A family tradition since 1872

Our award-winning speciality and everyday black teas are sourced exclusively from estates across East Africa. Our pursuit of quality ensures all our leaves are only ever hand-picked from tea bushes grown at high-altitude in lush volcanic soil and ideal conditions. The result is a cup of speciality tea that is bright, delicious and bursting with full flavour, which we're sure you'll love as much as we love creating them.

We source the finest whole ingredients from around the world for our speciality tea and, with care and experience, create beautifully balanced fruit and herbal blends that allow you to discover new heights of flavour.

STRAWBERRY

#tasteshakes

STRAWBERRY TASTESHAKE

A Strawberry Milkshake was for so many, possibly the first milkshake flavour they ever tried.

MAKE IT NORMAL

Of course you can have normal, but why would you?

MAKE IT SPECIAL

The only thing that stops the strawberry milkshake from being normal, is what you provide to your customers. We have customers serving a £6.00 strawberry milkshake like the one shown for a total ingredient cost of just over £1.00. Yes it will take you an extra 45 seconds to put on the toppings, but the more your customers see it, the more they order it.

MILKSHAKE

CHOCOLATE

#tasteshakes

CHOCOLATE **TASTE**SHAKE

Chocolate, possibly one of the most decadent flavours around. Silky, rich and smooth makes this flavour the highest seller for female customers.

MAKE IT **NORMAL**

The best way to make this in a normal way is to blend it creating small bubbles of air which leave a luxurious after taste.

MAKE IT **SPECIAL**

Chocolate, Chocolate and more Chocolate. But seriously, simply drizzle chocolate sauce inside the glass and around the outside of the rim. Add whipped cream, a twix finger, or a jaffa cake, or anything you like (we like the toasted marshmallow personally). Sprinkle with chocolate powder and you're done.

MILKSHAKE

VANILLA

#tasteshakes

VANILLA TASTESHAKE

There's something refreshing about a vanilla milkshake, its purity, the fact that it's the base for experimentation or simply the fact that you love vanilla.

MAKE IT NORMAL

There is no normal way to make it, you can spoon it, whisk it, blend it or shake it. Which ever way the Vanilla TASTE SHAKE will still be epic

MAKE IT SPECIAL

As vanilla is a base you can go wild with sauces, toppings, fruit, whatever you want can only compliment it. Our favourite in the morning is adding granola and banana. Just those little touches add value and increase profits.

MILKSHAKE

BANANNA

#tasteshakes

BANANA TASTESHAKE

There's something different about a Banana Milkshakes, not as pure as vanilla, not as rich as chocolate and not as fruity as strawberry. But whichever way you look at it, it's simply a combination of all three, but with more texture

MAKE IT NORMAL

A cold banana TASTE SHAKE is always going to be good whichever way you make it, there is no normal way, it's up to you what you mix it with.

MAKE IT SPECIAL

Mix it up with toffee sauce, chopped nuts, whipped cream, crush up a quarter of a waffle, add some sprinkles and make it epic.

We initially thought about putting all the machines in this catalogue, but it would have been just too big. So we created a digital brochure which represents the best of the best that we offer in each of the categories. Of course we have **ALTERNATIVES IN EVERY RANGE**, but these machines offer amazing value for money and the technology, reliability and eco features are second to none.
